

# Oregano Lavender

This unique blend has the benefit of the powerful antiseptic properties of Oregano Essential Oil, with a carvacrol (phenol) content in the mid to upper 70<sup>th</sup> percentile, and our gentle Lavender, fine from France.

These two together create a phenomenon known in the natural world as “quenching.” This means that the severe skin irritation produced by the Oregano is alleviated by the anti-burn properties found in Lavender, fine.

This blend has been used in medical clinics very successfully in treating antibiotic resistant fungus. This is a powerful nail anti-fungal and can be applied to the nail bed and surrounding tissue two to three times a day as needed.

Oregano Lavender may help prevent infection in shallow cuts and scratches; apply to the area once or twice and then follow up with Tea Tree Essential Oil.

## ingredient highlights

- Oregano is renowned for its antiseptic properties, and the Oregano Lavender Blend can be used on insect bites and/or animal bites (around the bite area) whenever there is a possibility of West Nile Virus or other disease carried by insects and animals.
- Lavender, fine is an excellent Essential Oil for skin and hair care, encouraging regeneration of healthy skin tissue, which makes this oil outstanding to use with burns, wounds, ulcers, dry skin, dermatitis, hair care, for easing inflammation of any kind and promoting healing.
