TRAUMA RELIEF

A wonderful healing balm, it is an excellent synergistic blend when dealing with arthritis and rheumatic conditions, sports injuries, back pain, or pain and inflammation resulting from injured or overworked muscles, tendons, ligaments, etc.

It helps provide relief from bumps, bruises and everyday mishaps - from fingers slammed in doors to bumps on the head to stubbed toes.

Trauma Relief contains essential oils which are well-documented for their ability to relieve pain, reduce swelling, and prevent bruising even in severe cases. It is particularly helpful before and after working out, participating in sports, performing strenuous activities, or just playing too hard.

Apply by rolling onto the area of pain or inflammation. Its therapeutic action can be further enhanced by applying a cool compress immediately following application of the oil.

Many happily surprised users report that they no longer need their OTC pain relievers.
